Vail transportation options vary so much in quality I find. But the guys and gals at Blue Sky Limo really do a great job. We used the recently for a company retreat and needed several vehicles to transport all of us to and from the airport, and again for transit to a neighboring town for our night out. Blue Sky Limo provided us with great transportation during our stay in Vail. If you're looking for high quality transportation service to and from Vail, use Blue Sky Limo.

Great staff, very friendly and professional. My driver was Rudy Sosa, he picked me up from Eagle airport and took me to Sebastian at Vail. I would recommend this company 100% Excellent Service. Mr. Sosa stopped by a few a places so I could take pictures and he gracefully took many pictures for me. Also to be noted that he took well care of my belongings and made sure I was happy. Thank you!!!

Blue Sky goes above and beyond, this is the only car service I use when visiting Colorado with my family. They are on time, the cars are spotless, and they get you where you need to go safely and with a purpose. Be sure and ask for Nicholas or Eugene, both are excellent.

I was extremely pleased with Blue Sky Limo. My family of 6 recently visited Vail, Co and used Blue Sky Limo's services. Everyone we dealt with, from reservations to our driver, was very helpful and professional. Our driver Eugene, was prompt and his vehicle was a late mode suburban and very clean. You can bet that the next time we visit Vail or the surrounding area, we will use Blue Sky Limo, and hopefully we can request Eugene to transport us.

Pretty reliable private [Vail car service](#). On time, courteous, great communication. If you're looking for luxury and not wanting to deal with the filthy rideshare cars, then call these guys and they will be sure to take care of you. You can't put a price on safety, cleanliness and luxury!

We had to cancel our car service due to the blizzard blowing in. Blue Sky was very accomodating and went ahead and gave us a full refund even though we were inside the refund window. Thanks very much!
